

REFERRALS

At times there are medical situations that may require the attention of a physician specialist. When this happens, it is necessary for your Family Health Center physician first to examine you, and then schedule an appointment for you with a recommended specialist. Please allow plenty of time for us to process your referral appointment.

PAYMENT FOR SERVICES

Most commercial (private) insurances are accepted at the Family Health Center. All insurance deductibles and co-payments are due at the time service is rendered unless prior arrangements have been made. You will need to present proof of your coverage for your insurance forms to be processed.

HEALTH

Health Center

Welcome to the Family Health Center at East Flint Campus. Our goal is to deliver the best health care possible for you and your family. We also place emphasis on illness prevention through periodic exams, health screenings and wellness education.

The Family Health Center offers general medical care for family members of all ages, including:

- general medicine
- chronic disease management
- physical examinations
- acute care services
- minor injuries, cuts, fractures
- pre and post natal care
- obstetrics and gynecology
- family planning
- skin diseases
- emotional problems
- minor office surgeries
- well baby, infant and child examinations
- immunizations
- blood tests

For your convenience, the Family Health Center offers a laboratory for blood and specimen analysis.

FAMILY HEALTH CENTER TEAM

Your health care team at the Family Health Center consists of 40 Genesys graduate physicians who are completing a Family Practice residency. They are fully supervised by our faculty physicians.

All Family Health Center physicians are primary care physicians - personal physicians who coordinate total health care for you and your whole family regardless of age, gender or particular health problem. Each time you call, every effort is made to schedule your family members with the same physician. If this is not possible, your medical records will be made available, as needed, for reference for another Family Health Center physician.

MEDICAL RECORDS

As a new patient, you will need to provide us with as much of your medical history as possible. You can request your medical records from other physician offices where you have been treated. Your medical records are kept in strict confidence and will not be released from our office without your written permission.

It is important that we maintain accurate and up-to-date records. Please help us by continuing to provide updated information on any changes such as address, telephone number and insurance coverage as they may occur.

APPOINTMENTS AND OFFICE HOURS

Appointments should be scheduled as far in advance as possible. As soon as you know that you cannot keep your previously scheduled appointment or if you are going to be late for your appointment, please call (810) 715-4300.

Office hours are Monday through Friday 8:30 a.m. to 4:30 p.m. We are closed Wednesday afternoons, and on holidays.

For your convenience, the MTA bus stops regularly at the Family Health Center.
